

STANFORD UNIVERSITY SCHOOL OF MEDICINE

Seeking Faculty Member in the Area of Biostatistics

The Department of Health Research and Policy at Stanford University School of Medicine is seeking a full-time tenure track faculty member in the area of Biostatistics. The predominant criterion for appointment in the University Tenure Line is a major commitment to research and teaching. The position will be at the Assistant, Associate, or full Professor level. A doctorate in biostatistics or a related field is required. Applicants should have demonstrated strong research abilities and will be expected to teach courses at both the undergraduate and graduate level, conduct research in Biostatistics, consult with clinical investigators, and work with other members of the Stanford scientific community. Applicants from areas of biostatistics related to cancer research, clinical trials, or translational research are especially encouraged to apply. Experience in design and analysis of data from clinical trials is desirable.

Candidates interested in this position are requested to send a letter of application, curriculum vita, graduate transcripts, at most one reprint/preprint, and three letters of recommendation to:

Robert Tibshirani, Ph.D.
Chair, Faculty Search Committee
c/o Jessica Bussey
Department of Health Research and Policy
Stanford University School of Medicine
Stanford, CA 94305-5405

Stanford University is an equal opportunity employer and is committed to increasing the diversity of its faculty. It welcomes nominations of and applications from women and members of minority groups, as well as others who would bring additional dimensions to the university's research, teaching and clinical missions.
